BONNIE BURR TO UNMASK ON STAGE

She Will Silence Skeptics Tonight at Ye Liberty Theater

Tomorrow, Surf Beach Park; Regales on Miller's Ice Cream

(BY BONNIE BURR.)

This is the day on which in accordance with my promise I will appear in public disguised at Ye Liberty Theater. After my noon appointment at Thursday and Broadway, I will whether free or not appear tonight between the acts of "The Fox" at Ye Liberty. If the crowd is still without a claimant, I will come on with you and test you before I will help you win it. Study my mannerisms, voice and bearing. They will be important aids to you in your search. Presently I am a hard and elusive thing to lose entirely. Though I am utterly submerged in my own identity, I sometimes forget, when tired, to consistently play an assumed part to the letter. Some trick of gesture is apt to betray me. Tomorrow the real test will occur. After having studied me in my own personality, some discerning sleuth should surely penetrate my disguise when I appear tomorrow afternoon at Surf Beach, Alameda. My visit will take place somewhere between 1 and 5 and I may join the hostess. If you capture me in the blue waters of the Pacific you will receive an extra prize of \$100 in gold from the management of Surf Beach Park. Whether free or not, I will again appear at Ye Liberty Theater tomorrow night.

WHAT WOMEN KNOW.

Nowadays, no woman is ashamed of a desire to be beautiful, or, at least, as attractive as collection of her best features will allow. Daily the world pays its tribute to beauty in all things. Certainly it appears more deferential toward the woman who feels it obligatory to herself and others to make the best of her looks. It is one of the twentieth century ideas that it is woman's duty to retain her health and beauty. This is neither

Dr. F. L. Goodspeed Is Among Those in Europe

There is still grave concern for the safety of a number of prominent Oakland people abroad and their relatives are anxiously awaiting news of them. The whereabouts of Dr. and Mrs. Edwin Von Adelung and their family is shrouded in the uncertainty that war has generated in Europe and relatives are decidedly anxious about them. Alexis Von Adelung of Oakland has tried to communicate with his brother, but cable messages to London and Paris have failed to reach him and no word has been sent to relatives in America. It is feared the travelers may have gone to Berlin and are marooned somewhere in the war territory, unable to send word to their friends. Dr. Von Adelung, who is one of the best known physicians of Oakland, left for Europe early in the summer with his family to spend six months in travel. They were in London at last accounts, planning to sail for Germany in July. It is believed they followed their intentions and went to Berlin just before the

REV. GOODSPEED IN ENGLAND. Rev. Frank Lincoln Goodspeed of the First Presbyterian church is in England. He had engaged passage on a steamer sailing August 15 and planned to preach in his church on the first Sunday of September. German Ship, With \$1,000,000 Cargo, Avoids British Cruiser

BULLETIN.

SAN FRANCISCO, Aug. 7.--Mistaking the coastwise steamer Bear for the Alexandria, a German craft with a \$1,000,000 cargo, the British cruiser Rainbow stopped her outside the Golden Gate this morning. Had the British cruiser Rainbow, which passed in two hours and twenty minutes earlier delayed her arrival, she might have made a rich prize of war.

The Rainbow sailed through the Golden Gate with all colors flying as though there were no war anywhere in the world. Customs officials at once communicated with Collector of the Port J. O. Davis, and he sent out a cutter. The warship was boarded

ALL WELL ON LUSITANIA.

CRUISER EMDEN.
PEKING, Aug. 7.—The German cruiser Emden, which was reported sunk yesterday, is said to have returned to Tsingtau today with one of the big vessels of the Russian volunteer fleet, sailing between Nagasaki and Vladivostok. The latter ship carried nearly 1000 passengers and crew.

WARSAW NOT TAKEN.
WASHINGTON, Aug. 7.—The State Department has no reports of the taking of Warsaw by the Germans. Officials attributed a rumor to that effect to an earlier dispatch which said the Russian general staff had decided not to defend the city.

SUMMONS TO WAR IS HEARD IN WEST

Hollanders Depart and Other People Rally to Colors in S. F.

With Austrians in Oakland preparing to drill with rifles; Australasians planning mobilization meetings to be held at a moment's notice to return to Australia or New Zealand should trouble develop there, and French enlist by the hundreds, Holland yesterday sent away the first war volunteers. Forty-five Holland volunteers left the Oakland mole for the East last night, en route to New York, where they will embark for their own country to take up arms. The men were entertained before leaving at a dinner tendered them by Consul General H. A. Van C. Torchiana. The San Francisco and Oakland volunteers will be made in New York by other companies and they have made arrangements for transportation to Amsterdam. There was much enthusiasm at 6 o'clock, when the volunteers sat down to dinner as guests of the consul-general. L. E. Hyman, chancellor of The Netherlands Consulate, presided. National hymns were sung and several toasts were drunk to Queen Wilhelmina of Holland. Van Tienen Janssen, clerk of the consulate, urged the volunteers to do their best in whatever duties they were called upon to perform.

AUSTRALIANS CHEER.
A peaceful meeting of the Australasian Club last night was transformed into an spirited and turbulent war rally when Frederick Davidson of Melbourne, Australia, appealed to the patriotism of the men present and took the floor at least a score of men enthusiastically joined their willingness to go to the front for England.

Native Sons' Hall of San Francisco, where the rally was held, was an echo of cheers as the Australians and New Zealanders filled out the application blanks and several women volunteered to serve as nurses. Austrians and Hungarians are awaiting instructions, but in the meantime preparing to answer if called and local Serbs will leave for the fighting in a few days. Many volunteers left on their own responsibility, returning to Europe as separate and independent travelers.

Among those who left yesterday was Dr. Philip Gay, a member of the medical staff of the French hospital, San Francisco, who departed at 10 o'clock in the morning for New York, where he will try to get transportation to France. Dr. Gay will join his regiment in his native land. He belongs to the regular French army, being a surgeon.

Baron Erhardt von Schack, German consul-general, issued a statement yesterday to German reservists in the city.

Many Servians, unable to leave for the war, have planned to send money instead of men. On August 16 a mass-meeting of Serbians and Croats is to be held at San Jose. More than \$1000 has already been raised in that city.

A meeting to be held Sunday at Watsonville, which will be addressed by M. Yeffich, editor of the local Servian Herald. From Fresno comes the information that more than \$1500 has been raised there for the general Servian and Red Cross causes.

MEDITERRANEAN FOLK.
Greeks, Turks and Italians are still awaiting calls to war and in the meantime perfecting temporary organizations for enlistment purposes. There are only a few subjects of the Sultan in the bay region who are

The situation is quite the reverse with the Greeks. There are almost 9000 of them in San Francisco, about two-thirds of whom are subject to call to the colors. About the same relative proportion exists among the Italians.

: Late War Bulletins :

PEKING, Aug. 7.—China has instructed her ministers at Washington and Tokio to request the United States and Japan to join with China in an effort to prevent hostilities in Chinese waters and territories because of the far-reaching dangers connected with them. The presence of Japanese warships off the German port of Tsingtau is generally construed here to mean that Japan has entered the war.

The German authorities at Tsingtau have received reports that British warships have gone to Vladivostok to escort a Russian troop ship to Kiao-Chau for the investment of Tsingtau.

FRENCHMAN TAKEN FROM TRAIN AND SHOT.
LONDON, Aug. 7.—Carl von Lowtrey, an American who arrived in London today from Germany, asserted that he saw a Frenchman taken from a train under the suspicion that he was a spy and shot on the station platform at Essen in the presence of all the passengers.

No confirmation has been received here of the report that the Russian warship Askold and the German cruiser Emden had been fighting in the China Sea.

GERMAN CONSULATES ORDERED CLOSED.
VANCOUVER, B. C., Aug. 7.—A Dominion order-in-council has been received closing all German consulates in Canada and giving the German consular officials 48 hours to leave the country.

Consul von Ertling, who has been in charge of the German consular office here, and who is said to have been born in England, today produced American naturalization papers. United States Consul-General Mansfield took charge of German interests in Vancouver.

CROKER OFFERS ESTATE TO WOUNDED.
LONDON, Aug. 7.—Richard Croker, the former political leader of New York, today sent to John E. Redmond, the Irish nationalist leader, \$2500 as a subscription to the Irish volunteers' fund, and offered his residence and grounds at Glencairn for the accommodation of the wounded during the European war.

UNITED STATES ENFORCES NEUTRALITY LAWS RIGIDLY

WASHINGTON, Aug. 7.—Foreign merchant ships being converted for war purposes, or carrying foreign reservists, in organized manner, will not be permitted to clear from ports of the United States. Instructions to aid the customs authorities at New York in enforcing President Wilson's neutrality proclamation, were telegraphed today from the Department of Commerce.

"Wire the department before issuing clearance papers to foreign vessels, unless you are satisfied, after careful inspection, that the ship has not made any preparations while in port tending in any way to her conversion into a vessel of war," said the department.

"Taking on an abnormal amount of coal, except in the case of colliers, would indicate such conversion. Unusual quantities of foodstuffs would be conclusive. Painting of vessels a war color would indicate conversion. It must be clear that she is not to be used for transportation of reserves or recruits for a foreign army or navy. This does not prevent transportation of passengers in the usual sense, as where there are women and children and men of different nationalities, even though among them there were a few reserves without your knowledge."

ENFORCE NEUTRALITY.
"If her passengers are nearly all men and practically all of the same nationality, clearance cannot be given."

"It must be unquestionable that she has no arms or munitions of war aboard. Have representatives of each foreign vessel in your port know whether she is a merchant vessel intended solely for the carriage of passengers and freight, excluding munitions of war, or whether she is a part of the armed forces of her nation."

MAURETANIA MAY FIGHT.
HALIFAX, Aug. 7.—When the Cunard liner Mauretania, which put into port here yesterday with 2400 passengers fleeing from Europe, again sails from Liverpool, she will be fitted as H. M. S. Mauretania and prepared to destroy the hostile shipping of Germany.

It was expected today that the Mauretania would sail to Liverpool under convoy of British warships and that she would immediately be turned over to the admiralty for an equipment of quick-firing guns, a coat of dark gray paint and white ensign.

Commerce destruction was the ultimate purpose for which the Mauretania was constructed. She was practically built for the admiralty and many features of warship construction were embodied in her hull.

BRITISH FACES CAPTURE.
NORFOLK, Va., Aug. 7.—Fighting possible capture by German warships, the British auxiliary Stromboli passed out to sea last night. A tiny glimmer on her forward mast was the only light visible on the ship.

The Stromboli, commanded by Captain Allison, arrived at this port Wednesday from Port Arthur, bound for Killingholme, England, with 8000 tons of petroleum for the British navy.

Yesterday her master was informed by United States authorities that he would have to take his vessel to sea or keep her at this port until peace was declared between the warring countries of Europe. He put to sea.

U. S. URGED TO SAVE HAGUE TREATIES AS WAR LORD

French Statesman Declares the Fate of Civilization Is at Stake.

PARIS, Aug. 7.—5:50 p. m.—An appeal to the United States to protest against violations of the Hague treaties is made in today's Figaro by Gabriel Hanotaux, former Minister of Foreign Affairs.

He suggests that an inquiry should be begun immediately and expresses hope that President Wilson, Secretary Bryan, Colonel Theodore Roosevelt, Andrew Carnegie, Nicholas Murray Butler and Robert Bacon assume the duty. He declares the fate of civilization to be in the hands of the neutral powers.

Quiet is reported from practically every point along the Franco-German frontier today. A strong force of German troops is known to occupy Luxembourg and it is officially announced here that the French troops, which heretofore had kept at a distance of over five miles from the German frontier have crossed in small detachments at different points, probably in reconnaissances.

Abel Ferry, Under Secretary of State for Foreign Affairs, has left for the front as a sergeant, taking his place with Edmond Rostand, the poet. Adolphe Messimy, the Minister of War, Maurice Barres, the Academician and other notables.

A committee composed of former Premier Aristide Briand, Theophile Delcasse, former Minister of Foreign Affairs and others, formed today to consider the question of food supply for the population.

LONDON, Aug. 7.—A dispatch to the Exchange Telegraph from Messina, Sicily, says the commanders of the German cruisers Breslau and Goeben, which are sailing out to meet the English fleet waiting outside the straits, first handed their wills and personal property into the keeping of the German consul.

The reservists occupied two special coaches of a fast through passenger train. A special train is expected to carry many hundreds of other French reservists east next Monday.

KAISER SPEAKS AS WAR LORD

In Imperial Proclamation He Exhorts Germans to Arm.

BERLIN, via London, Aug. 7.—A proclamation by Emperor William addressed to the German nation was published in the Official Gazette today. The text was as follows:

"Our adversaries, however, are jealous of our work and there has been latent hostility to the east and to the west and beyond the seas. This has been borne by us till now, as we were aware of our responsibility and our power. Now, however, these adversaries wish to humiliate us, and we should look on with folded arms and watch our enemies preparing themselves for the coming attack."

"They will not suffer that we maintain our resolute fidelity to our ally, who is fighting for her position as a great power and whose humiliation our power would be equally lost."

"So the sword must decide. In the midst of perfect peace the enemy surprises us. Therefore to arms!"

"Any dallying and temporizing would be to betray the Fatherland. To be or not to be is the question for the Empire which our fathers founded. To be or not to be is the question for German power and German existence."

"We shall resist to the last breath of man and horse and we shall fight out the struggle, even against a world of enemies."

"Never has Germany been subdued when she was united. Forward with God, who will be with us as He was with our ancestors."

BRITISH COASTERS LAID UP.
SEATTLE, Aug. 7.—Announcement was made by the Grand Trunk Pacific Railway Company last night that the big British coasting steamers Prince Rupert and Prince George, operated by the company between Seattle and Prince Rupert, B. C., would be laid up at Seattle indefinitely. The Prince Rupert is due here Sunday and the Prince George Wednesday. The vessels are the latest ships in the coastwise trade plying out of Seattle.

CARDINAL FARLEY CAUSES ANXIETY

Noted Divine Not Heard From: Was on His Way to Paris.

NEW YORK, Aug. 7.—Failure to learn the whereabouts of John (Cardinal) Farley, who sailed from this city for Rome on April 28 last, bearing the index volume of the Catholic Encyclopedia, and was last heard from while in Paris, where he went after attending the eucharistic congress at Lourdes late in July, is causing considerable uneasiness to the clergy and laity of the metropolitan diocese of the Roman Catholic church.

It was announced tonight that the disappearance of the cardinal was making every effort to get in touch with the cardinal by cable and wireless, but thus far none of the messages had been answered.

In a letter received by the Right Rev. Monsignor Michael J. Lavelle, dated July 25, at Paris, Cardinal Farley wrote he expected to leave Paris within a few days to spend some time in Switzerland.

ALICE TAYLOR OF THIS CITY UNTIL HER MARRIAGE RECENTLY IN WASHINGTON.

Miss Lovell Alice Taylor, who starred at Ye Liberty Playhouse and Oliver H. Patterson, a Chicagoan, were married in Washington, D. C., on August 1. The news of their marriage has come as a surprise to members of the theatrical profession and local society.
The bride is the daughter of Mrs. Elizabeth Craib of this city and the sister of Grace Hull de Wolf of Oakland and Jean Craib Loughboro of New York.
Oliver H. Patterson is at the head of a large mercantile company in Roanoke, Va. He is held in high esteem in that city, where he has many friends.
The couple are now enjoying their honeymoon trip.

COUNCIL FINES HANRAHAN

Other Saloon Keepers Are Penalized

A new method of penalizing recalcitrant saloon-keepers, convicted of technical wrongs, but whose cases are said to present a difficulty or danger of injustice if licenses are revoked, was started by the City Council today, when \$500 fines were imposed on three saloon men on recommendation of Chief of Police Walter J. Peterson. James W. Thomas, 551 Washington street, in whose place a boy is alleged to have purchased liquor prior to committing suicide, was fined \$500. Chester Shea was the name of the boy. He is declared to have become intoxicated in the place owned by Thomas and also to have had beer in the place operated by P. N. Hanrahan, at Twelfth street and Broadway. S. Aren, 823 Broadway, was also fined on a charge of selling liquor to a minor.

Thomas, being according to Chief of Police W. J. Peterson, the most reprehensible was fined \$500. Hanrahan and Aren were each fined \$100, the fines, according to the resolution passed by the City Council, must be paid within fifteen days or revocation of license will follow.

That the saloon men may not in future claim that liquor is being sold to minors by their bartenders, without their knowledge, a clause has been placed in the resolution that bartenders selling liquor to minors must be dismissed for a period of 30 days for the first offense, and permanently for the second, this being a condition of the saloon-owners retaining the license.

APPEARED OVER AGE.
In the cases of Thomas and Hanrahan the trouble arose through the suicide of young Shea, who was sold liquor in Hanrahan's place by a bartender. Ted Kleibor, Hanrahan's son, without his knowledge, Kleibor declares that the boy appeared to be over age. He was not, says Kleibor, intoxicated at the time.

At Thomas' place the youth is declared to have become intoxicated, to have left and then ended his life. For a time it was expected that both licenses would be revoked.

Hanrahan put up a strong defense, declaring that his place was one where a strict rule is in force against serving boys and women bartenders are instructed to use the utmost care.
"I think that if we fine these people," said Chief Peterson, "it will give them a healthy remembrance of the rules, and at the same time be giving them every benefit of a doubt if, as they say, their cases are brought to the council's attention, the boys of course, the licenses will be revoked. Further offense could likewise be dealt with."

A public hearing was held in the matter before the council on July 21, and at this time all facts in connection with the case were brought to the council's attention.

At Thomas' place the youth is declared to have become intoxicated, to have left and then ended his life. For a time it was expected that both licenses would be revoked.

California Limited Wrecked in South

BAKERSFIELD, Aug. 7.—The San Francisco Limited, California Limited No. 1, bound, due in Bakersfield at 11 o'clock this morning, left the rails just this side of Shafter at 10:50 o'clock this morning, five people being injured, three seriously. Four coaches were wrecked and many passengers recounted marvelous escapes.
That no one was killed may be considered a miracle, for the day coach, the Chicago sleeper and the Bakersfield sleeper are splintered, two on their sides, one tipped nearly over and the diner wrecked.

EUROPE TO NEED WHEAT, IS REPORT

WASHINGTON, Aug. 7.—American crops can and must move to Europe, which must have our wheat or starve, just as soon as the cessation of export of the seas is settled, commerce will be resumed. This view was expressed yesterday by Secretary Redfield of the Department of Commerce.

"If England sweeps the seas, all English merchant ships will resume their transportation of our goods," said Redfield. "Germany, however, is not so sure. Her ships will carry the grain. England is, of course, our biggest customer. Another thing that will help will be the fact that now Congress is amending our shipping laws. But even if there are not enough American ships there are enough American ships to carry the grain. It is not a question of whether we can or cannot do it, but of whether we will do it."

Secretary Redfield said that it would be made by his department to assist in relieving the crop country.
NEW YORK, Aug. 7.—A. J. B. Hays, chairman of the House National Bank, has sent the following telegram to Congressman Oscar Underwood at Washington:
"The South is unnecessarily alarmed over the prospective reduction in the demand for the price of cotton, in view of the general European war. European manufacturers may not require the usual amount of cotton, but American manufacturers are not going to stop."

"It is inevitable that all over-sea trade of Germany will be at the mercy of any nation which first seeks it and can best serve the former patrons of Germany of all nations. The United States is in the best position to take and hold the trade. Merchants, manufacturers, bankers and statesmen should work together for that purpose."

Julius Kruttschnitt, chairman of the Southern Pacific Company, issued a statement yesterday saying there was no truth in the report that negotiations were being held between the Pacific Mail Steamship Company for the transfer of the Atlantic Mail Line to the Pacific Mail Steamship Company and the Pacific Mail Steamship Company for the transfer of the Atlantic Mail Line to the Pacific Mail Steamship Company.

WIFE OF PRESIDENT ENTERS GREAT PEACE.

Every citizen of the United States is today mourning with the Chief Magistrate, President Woodrow Wilson, whose beloved wife, the companion of his years of effort, passed out yesterday into the whiteness of eternity following a long illness. No greater blow could have been inflicted on the executive. Their home life has been beautiful during the years of their pilgrimage, because this good woman who has ever walked by the side of her husband, cheering him in hours of doubt and encouraging him to greater effort when success seemed about to elude was of such material that all their married companionship is best described in the phrase used by Grover Cleveland: "One Grand, Sweet Song."

But the hand of death has swept across the lute strings and the music is hushed and for the President there remains a solitary existence hereafter until he too shall receive the great subpoena calling him to the land beyond the whirling suns of immensity. It is pitiful, not alone because the head of this great nation is deprived of his companion, but for the added reason that she was called away during a time of stress, when the mind of the man was engaged with great problems of international import and beset with complexities of all sorts on every hand.

May the gentle Deity who directs the affairs, not only of nations but of magnificent systems of worlds swinging in the unlimited space, console the stricken man and his daughters in the loss of their loved one and bring to their hearts the peace which follows the knowledge which tells us that for the good the future holds no terror but the everlasting happiness.

Archie Shedden, aged fourteen, weight 200 pounds, of Loma Linda, was congratulating himself that he had not been so fat the discharge from a shotgun that penetrated the outer wall of his abdomen without entering the inner cavity would have killed him, when the doctor informed him if he had not been so ample in girth he would not have been hit at all. No wonder Archie is inclined to be pessimistic.

Germany's "war lord" evidently underrates the patriotism and fighting ability of the Belgians.

HORNER FOR ASSESSOR; IS IDEAL CANDIDATE.

During the three years which he has served the people in the office of Assessor of Alameda County, C. F. Horner has made a record that speaks for itself. No shade of suspicion has ever attached to his conduct and he has conducted the affairs of the position with an ability second to no man who has ever occupied the place.

This office is one of the most important in the county, for it is here that the fountain of revenue has its source. To successfully manipulate and conclude an assessment requires skill and the possession of legal and mathematical abilities of no mean order, as also an exact knowledge of everything assessable, from a wheelbarrow to an automobile, from a square foot of choice city property to an acre on a barren hillside; from a skiff to a ferryboat; from a private turnpike to a railroad system; from a hive of bees to a herd of cattle; from a small commercial account to the board of a multi-millionaire.

But knowing all this is by no means the limit of ability required; the next step is putting this knowledge in execution. In the County of Alameda there are 150,000 assessments large and small and the same care and attention is demanded in respect to the smaller as to the larger, in fact some of the smaller are more complicated in character than the greater. To successfully cope with this problem the assessor must assemble a trained force; men competent by training to judge of the values of property. He cannot glaze over his work, for he has to put up a heavy bond and the law provides for severe penalties in case he fails to come up to all requirements.

During Mr. Horner's term of office he has proven efficient in all these matters of detail. His office force has been competent, his work correctly performed and the public has manifested its satisfaction in more ways than one at different times. Mr. Horner is a candidate for re-election and his friends are making a gallant fight on his behalf, citing his record as his qualifications. It is the belief of those most active in his behalf that Mr. Horner will be selected to succeed himself at the primaries and in that great general satisfaction will be manifested by the citizens of this county irrespective of political affiliations.

AUTOISTS, TAKE NOTICE! LAW WILL BE ENFORCED.

There is a law in the City of Oakland limiting the leaving of automobiles on streets in certain business zones to actual necessity, and on certain portions of streets machines may not be left at all. But this ordinance has been more honored in the breach than in the observance of late and particularly in the vicinity of San Pablo and Telegraph avenues. It is related that one business man brought down his car and permitted it to stand all day, although this is an isolated instance.

But the large department stores are protesting and declaring that this practice shall cease and are invoking the aid of the police. Some arrests have been made and more will follow. This should be sufficient notice to owners of machines that they must obey the law or get in trouble, because the announcement is made that in future this ordinance must be complied with and that no man, no matter what his position, will be allowed to escape the penalty in the event of a violation, and it is the proper course to adopt.

SANTA BARBARA TURNS DOWN 'PUSSY-FOOTER.'

One Ira E. Kramer, Progressive, with no sympathy whatever for Republican policies, and opposed to a return of the Grand Old Party to power, hostile to a degree, rampant in his attitude and uncompromising in statement, was nominated in Santa Barbara County for the assembly. By the "pussy foot" route this man also sought and obtained a Republican nomination.

But it is apparent that Kramer is not going to get the Republican vote, for, at a meeting of the county Republican committee, at which fifty leaders of the party representing nearly all the precincts in the county were present, his nomination as a Republican was repudiated in a series of resolutions that were very emphatic in their character and that section of the primary law permitting such action was also condemned in the following language:

We, the Republican County Committee of Santa Barbara County, in convention assembled do now condemn the provisions of our state primary law permitting this fraud to be perpetrated upon our citizens, and do now repudiate the candidate who is attempting to secure the Republican nomination in the Fifty-ninth Assembly District.

That is the sort of conduct that appeals. There is no excuse for a man not in sympathy, but on the contrary diametrically opposed to Republican policies, trying to secure a nomination as a Republican, and such a course of conduct is to be deprecated, condemned and rebuked. Why should a Progressive, claiming that all the political evil of the country is traceable to Republican or Democratic policies, attempt to sneak in the back door of either of the old parties and try to steal pie from the pantry? Sit on these fellows, sit on them and sit on them hard.

TO ARMS!

MODERN RAKE AND HIS SWIFT PROGRESS.

Hogarth's famous story has a parallel in the case of Byron L. Chandler, erstwhile millionaire, son of a New Hampshire banker, who following his graduation from Harvard, started to show New York how to spend money and in a short time was so successful that he became famous as one of the most profligate of profligates.

Chandler's first gay time after leaving college was in Paris, where in a very short time he squandered \$9000. Then his grandfather died and left him something like a million. He returned to New York and entered upon a career that earned for him the distinction of being known as "The Millionaire Kid." His grandmother died during his career of scattering gold to chorus girls and left him another million. With this sum he renewed his enthusiasm for the white lights of the night life and became the shadow of a great rock in a weary land for every tight wearing female who could boast of any degree of plumpness or pulchritude. He married Grace Setcher, a small star in the theatrical firmament, and following his alliance with her was sued for \$100,000 by Joan Sawyer, another actress, for breach of promise. Then Grace divorced him and he married another vaudeville artist, Grace La Rue, the divorced wife of Charles Burke, an actor. With her he went to England, where for a time he cut a great figure as a coaching rival of Alfred Vanderbilt. His second wife sued him for divorce and had him arrested so he could not run away during the pendency of the action, which resulted in her getting a decree.

Now he is single, his millions have vanished, he is supported by his mother, who paid his counsel fees and is paying the \$50 a week alimony ordered by the court. Very nice ending, is it not?

There is only one thing to be said in his favor; he has been the instrument of putting a lot of money in circulation. True, this was not accomplished in the most commendable manner, but the coin got in channels of trade just the same. The chorus girls spent the cash in high-priced cafes, and the cafe man bought meat of the packer and produce of the merchant, who in turn paid the farmer for the cattle and the garden truck raised and as a result of the gravitation of money it finally found places where it was utilized usefully.

There is a psychology in all this that is plain, although somewhat mystifying, paradoxical as the statement may seem. The money acquired by the ancestors of this educated chump was accumulated through years of thrift. There is no doubt that granddad never allowed himself to lose a cent if he could help it, and the father being a successful financier, took care that nothing was wasted. But sons of their fathers never as a rule equal the old man in his attributes. The offspring of the thrifty is the spendthrift; the scion of the house of learning the man with an ivory dome; the son of the scientist becomes a day laborer, and so on down the line. It seems that in the case of this youth, as well as other instances that may be cited, that Nature has a plan all her own for returning back to the mass of people the money earned from them by using such fellows as this. We have in mind right now one of the wealthiest men in the nation who has a family of two boys and one girl. The order of the minds of the children is "spend, spend, spend!" The old man has acquired a large part of his wealth by means that are questionable and have many times been questioned, but the minute he is under the ground this trio of children will commence distributing the enormous fortune and there is small reason to doubt that it will not be long ere the magnificent accumulation of years will be dissipated. It is said that all acts have their compensation and maybe infinity has planned that where certain conditions have existed in one generation, the contrary will occur in the next, thus preserving the balance, the eternal fitness of things.

In the light of events it looks as if that money Carnegie spent in behalf of the cause of peace could have been used in building modern tenements in his own country.

Great Throng Welcomes G. O. P. Senatorial Candidate

Mason, wife of the publisher of the Bakersfield Echo, received an ovation from the crowd, lasting several minutes, and was obliged to bow repeatedly before she was able to proceed. Her address was listened to with rapt attention, and at its conclusion she was greeted with another burst of applause.

Congressman Knowland, greeted with a tumult and his remarks were many times interrupted with applause as he received his high

DEATH OF MRS. WOODROW WILSON CASTS GLOOM OVER NATION

President Bowed in Poignant Grief

IN TRAVAIL HE HULDS POST OF DUTY

Flags Droop, Congress Adjourns, and Messages of Sympathy Come.

WASHINGTON, Aug. 7.—Funeral services for Mrs. Woodrow Wilson, wife of the President, will be held at the White House at 2 p. m. Tuesday, after which the body will be taken on a special train for burial at Rome, Ga.

WASHINGTON, Aug. 7.—Messages from every part of the United States and from abroad poured into the White House today, bearing the sympathetic expressions of thousands for President Wilson and his daughters on the death of Mrs. Wilson.

Funeral arrangements had not been completed early today, but it was certain that the funeral would be held at Rome, Ga., the girlhood home of the President's wife, on at Princeton, N. J. It was reported as probable that the funeral services would be simple and that only the family and close friends and relatives would be invited.

Reading up well under his grief, the President went to his desk to sign a few important papers, but returned immediately to the White House, where the flag fluttered at half mast and the shades at the windows were drawn. Gates to the grounds were closed, only the most pressing business was transacted at the executive offices and attaches and servants, all of whom Mrs. Wilson knew personally, showed their deep grief.

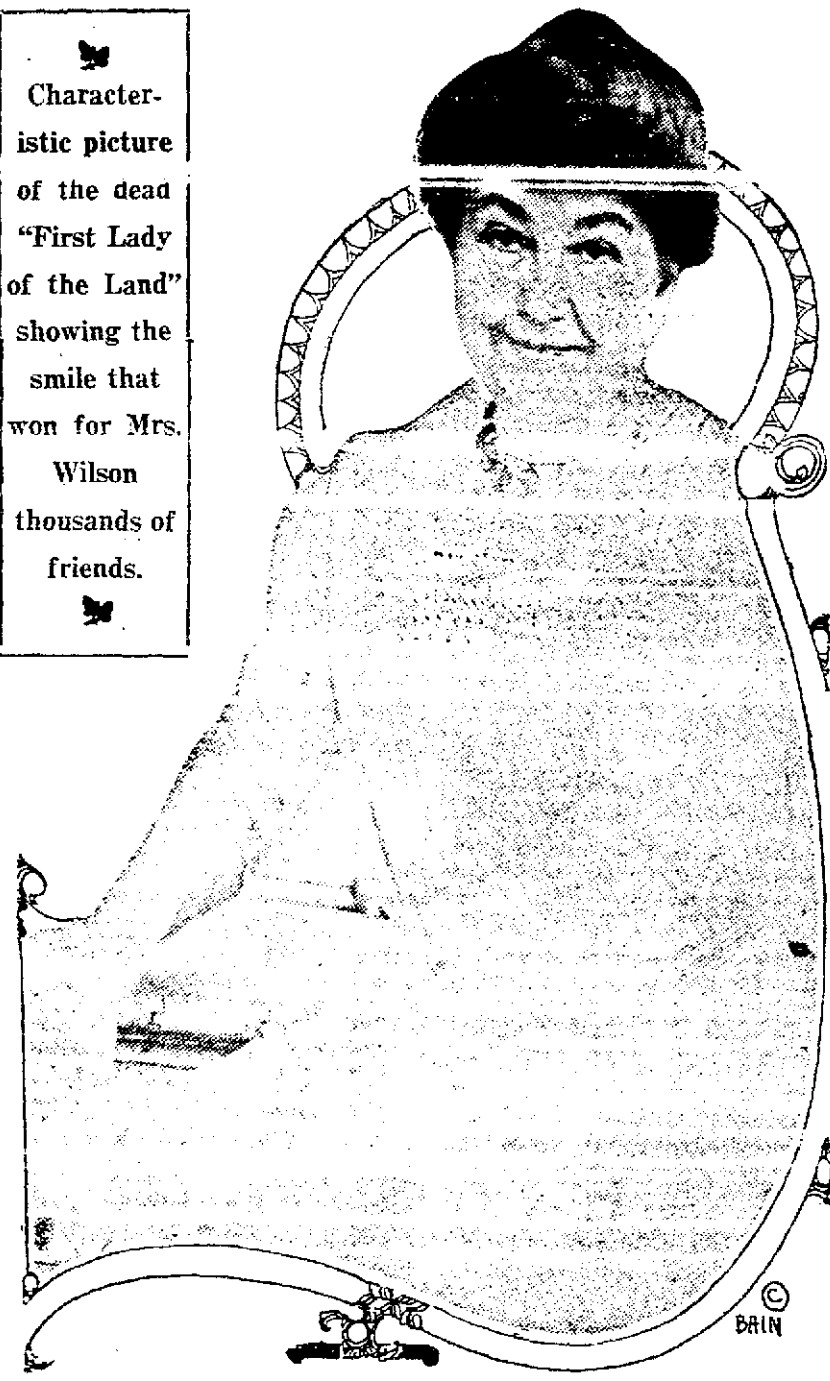

WHOLE CAPITAL MOURNS.
A procession of carriages bringing cards and callers from official and diplomatic circles circled around the White House.

On every hand throughout the capital expressions of tenderest sympathy for the President were heard.

Under the heavy strain of domestic expectation, the situation at home resulting from the European crisis, the long, hard vigil through the Mexican crisis, he worked unceasingly. His knowledge for the last three weeks that his wife was ill to death has added immeasurably to that burden and yesterday afternoon at 1 o'clock when the last faint flicker of life was extinguished, those who knelt at the bedside saw him give way to his grief, probably for the first time.

Tribute such as kingdoms do not always pay to their dead queens, was shown in both houses of Congress when word came of the death of Mrs. Wilson. It had been known to all members of

the governmental corps that her condition was precarious; that the President and his three daughters were kneeling at her bedside; that Dr. Grayson and a nurse were beside her, and that her two sons-in-law, Secretary McAdoo and Francis B. Sayre, lingered just outside the door. It was told, too, how the President had borne bravely his weeks of watching and hoping, serving the nation unflinchingly at home and overseas, in all his travail. So also did congressmen learn that yesterday the courageous woman realized she was near the gates of death, and that she whispered to Dr. Grayson: "Promise me, that if I go you will take care of my husband—"

And the doctor promised. And soon after (Con. on Page 14, Cols. 3-4)

Pacific Mail Liner Puts Back, After Having Left Hongkong; Hold Flooded.

SAN FRANCISCO, Aug. 7.—The Pacific Mail liner Siberia, from Shanghai for San Francisco, caught fire shortly after leaving Hongkong in hold No. 1 and was obliged to put back after the hold had been flooded. Cables to the Chamber of Commerce here today report her now in Shanghai.

The cargo in hold No. 1 is a total loss, but the vessel was undamaged. She will sail again shortly for San Francisco.

IGNORES CURFEW: ARRESTED.

Willie Hayden, a newsboy, didn't think the curfew ordinance was being enforced—until he tried it out last night. He was arrested at Seventeenth and Clay streets as a result and after an uncomfortable hour or so at the police station was returned to his parents. The boy is 9 years of age. He was sent to the Detention home, where his parents arranged for his future good behavior.

FEAR LAD MET WITH FOUL PLAY

Intermediate High Pupil Vanishes While on Way to School.

Leaving no clue as to his whereabouts among his boy friends, Aladino Marcucci, 15 years of age, living with his parents at Fourth avenue and East Twenty-eighth street, has disappeared from his home. When last seen the youth was on his way to the Intermediate high school at Twelfth avenue and East Nineteenth street Monday morning. He carried his lunch and stopped at the home of his companion, Ernest Reholt. He was told that the other boy had left for school and he then went away. Marcucci did not arrive at his classroom and so far as is known he was not seen in the neighborhood of the school.

Considerable mystery attaches to the case and the police, after several days of earnest search with members of the family and chums of the missing youth, have failed to find any clue to his whereabouts.

The family home is in the vicinity of Trestle Glen, a rendezvous of tramps. A member of the roving fraternity was seen near the Marcucci home last Sunday and the parents of the youth fear that he has been enticed away by a gang of hoboes.

The boy's mother is frantic over his failure to return home and says that she can offer no theory for his absence other than that tramps enticed him away or that he has met with foul play. The missing boy had had no trouble at home nor at school, according to his family and his teachers. Recently he went on a camping trip in the vicinity of Walnut Creek. His mother, however, told him that any time he wanted to go for a few days he could do so and it is not believed that he went without her permission.

When he left home Monday Marcucci wore dark corduroy trousers, a white shirt, gray coat and gray cloth cap. He is 5 feet 5 inches in height, has light hair, dark eyes and weighs about 130 pounds.

GUEST OF HONOR.

Mr. and Mrs. Charles Taber, pioneer residents of Grass Valley, are the guests of Mrs. George Hunt of this city. Mrs. Taber was guest of honor at a birthday festivity planned for her by Mrs. George W. Coffee at her home on Santa Clara avenue. Many old friends gathered to help celebrate her eightieth anniversary. In December Mr. and Mrs. Taber will celebrate the forty-ninth anniversary of their marriage.

Adjutant-General Forbes Sinking; Not Expected to Live

SACRAMENTO, Aug. 7.—Adjutant-General E. A. Forbes of the California National Guard has been unconscious since Wednesday night and is not expected to live. It is feared he is suffering from a blood clot on the brain. Reports today from the attending physicians were that the patient was gradually sinking. His family has been summoned from Marysville and is at his bedside.

TWO NEGROES LYNCHED BY MOB

Implicated in Murder by Dying Confession of Pal, Double Hanging Follows.

MONROE, La., Aug. 7.—Preston Griffin and Charles Hall, negroes, were taken from the local city hall early today and hanged by a mob. Less than an hour before the hanging, Holmes was lynched here in connection with the same crime.

A. J. Madden, an aged street, was killed by burglars Wednesday and Holmes was captured and lynched several hours later. He is said to have confessed and implicated the two other negroes in the crime. Hall and Griffin were arrested yesterday. Fearing they would be lynched the sheriff locked them in the city hall tower. The mob located the negroes when one of them lighted a cigarette and the double lynching followed.

MISS OLIVE VOSS, WHOSE WEDDING TO BENJAMIN HIGH IS SET FOR THE FALL.—Talma photo.

THE BOHEMIANS are gathering and mobilizing at the Bohemian grove on the Russian River, some of them from very distant places. Will Crocker, who gathered from London, timing his return for the midsummer luncheon, and with better luck than Raphael, will be marooned in Paris.

Harrison Fisher came out from New York and so did John Clawson. Likewise C. Brevoort Zauris, who after the likes will visit his daughter in Piedmont. She is Mrs. Frank Buck Jr. Avery McCarthy motored up from Los Angeles, and Gay Lombard, down from Portland to be Joe Redding's guest. John Gamble is one of a detachment from Santa Barbara, and there is a brave array from the grove, where tomorrow evening they will fill the forest theater at the grove, where Dr. Jack Shields' "Neo-Natama" will be presented and elucidated by Bohemian stars. It's a masterpiece, they say, but complicated as to plot. Graceful verses and a pervading poetic charm in the lines that tell an intricate story of the conquest of Hate by the spirit of good-fellowship, for which Neo-Natama is the Indian word. An Indian chief will represent "Hate" and a beautiful girl will be "Love," captured by the Indians. Consolation is another character who prevails upon Hate to release her.

Dr. Shields will doubtless be crowned with laurels, at least metaphorically, and so will Uda Waldrop, composer of the music, with individual wreaths for the players, of whom Stuart Rawlings is one. Dick Hotelling will be Hate in the allegory and parts will be taken by Frank Matthieu, McDonald Spencer, and Marshall Darrach.

There was a low jinks at the grove last Saturday night, and the "Aftermath" will follow at the club next week. Charles Kenyon has written the "Aftermath" play, though not in the style of "Kindling." Decidedly less serious, of a lightness to appeal to Bohemians after the high-brow beauty of "Neo-Natama."

RETURNS FROM EUROPE.

H. C. Taft has arrived in New York from Europe and is en route to California. Mr. Taft, who has spent the past two months abroad, happily found no difficulty in getting from the other side, where so many Americans are temporarily marooned.

Miss Dorothy Taft and Miss Bina Moore will be guests at the home of Mrs. Maxwell Taft at their summer home between Truckee and Tahoe. Mr. Taft will probably stop over for a visit to his son before coming to Oakland.

SMALL SON WELCOMED.

Mr. and Mrs. Stanley Moore are receiving congratulations on the birth of a son at their home in Oakland, July 24. Mrs. Moore was Miss Belle Williams before her marriage. The child is a boy, and the small boy is a welcome addition to the interesting group of grandchildren of Mr. and Mrs. A. A. Moore.

CAPWELLS ENTERTAINED.

Mrs. H. C. Capwell and Miss Phyllis and Miss Dorothy Capwell, who are occupying their summer home at Brookdale, have spent much time at Del Monte during the season. Recently they were guests at a luncheon at the Del Monte Hotel in honor of their daughter, Miss Pearl Hendrie. The affair took place in one of the private dining-rooms of Del Monte, where a large roomy table was beautifully decorated for the occasion. Several officers from the Presidio of Monterey were among the guests, who included Miss Pryor, Mr. Hodges, A. L. Oliver and Mr. Adams.

MISS McNEAR RETURNS.

Miss Ernestine McNear, who has been visiting Mr. and Mrs. Pelton Elkins in Monterey, returned yesterday to her home in Oakland. She was accompanied north by Miss Isabel Chase. Miss McNear was much entertained in the south, where the season has been unusually gay. The Elkins will have as their guests this month Mr. and Mrs. Christian de Guignes of Burlington.

AFTERNOON DANCE.

The exhibition dancing, Miss Virginia Marvin at the Hotel Oakland Saturday afternoon will draw a fashionable audience in the ball room and later there will be a number of tea parties in the lounge. It will be the first large affair at the hotel after the summer season and society will be well represented. Mrs. Harold Evans has asked several friends to accompany her and be her guests later at tea. Mrs. Herbert Hamilton Brown will entertain at tea in the lounge after the dancing. Mrs. Hugh Webster will also have several friends as her guests. There is much interest in the appearance of Miss Marvin, who will give a varied program of interpretative and ballet dancing. A number of well known society women will be patronesses of the occasion.

AT PINE MOUND.

Major and Mrs. J. T. Vance of Berkeley are spending several weeks at Pine Mound in the Sierra near Dutch Flat. They will return later in the month to welcome their son, Lieutenant Curtis Hopkin Vance, on his arrival from the Philippines. Lieutenant Vance's marriage to Miss Olive Wheeler will be an event of the fall season.

Mrs. Harry Fessenden, who has spent tomorrow to her home in Euclid avenue.

MISS VOLKMAN HOSTESS.

Miss Johanna Volkman has sent out invitations for a luncheon to be given on August 12 at her home in San Francisco in honor of Miss Anita Bertheau, who will be married on August 10 to John Fulton. Among other affairs for the bride-elect will be a luncheon to be given by Mrs. Arthur Baum of Alameda.

The Bertheau-Fulton wedding will be a

CHILD ACTRESS FOUND STRANDED

Seeking Work; Sent South to Join Her Anxious Mother.

SAN FRANCISCO, Aug. 7.—Almost destitute after being stranded in Fresno with a theatrical troupe, Betty Wells, a 15-year-old Los Angeles girl, was taken into custody here yesterday at the request of her mother, Mrs. Wells, 441 West Forty-first street, Los Angeles.

She was returned home on the steamer *Cello*, which left here yesterday afternoon. According to the story told the police, the girl managed to get to San Francisco and for a week had been seeking work.

BRIDE IS CLAIMED BY WILLARD BEAM.

SAN FRANCISCO, Aug. 7.—Cupid once more has scored over Willard Metcalf Beam, whose romantic marriage in 1911 to Mary Adele Case set tongues wagging in smart society. The second enlistment of Beam into the ranks of the benedicts was revealed yesterday when a marriage license was issued to him and to Letitia Schlegel, both giving their addresses as San Francisco.

Beam, who is connected with the Pacific Gas and Electric company, is nephew of the late Attorney General of the Navy during the Roosevelt administration. He lives at 752 Bush street with his mother.

Young Beam's first marriage took place in the Calvary Presbyterian church, where Miss Case was a member of the choir. It caused something of a sensation, as Miss Case's name had been linked in a rumored engagement to Claus Sorekels Jr., who had been a co-student with her in Paris. Their wedded bliss was brief, as Beam in September of the year of his marriage separated from his wife, giving his reason that she refused to live in California and after refusing to come out of it.

Beam and Miss Schlegel, after obtaining the license, repaired to Justice Magee and were married. Beam had informed his mother of his intention, but apparently not his sister, Mrs. C. L. Wakeman, of Oakland, as Wakeman last night expressed some surprise when he learned of the wedding.

DUCHESS TO TRAVEL IN AMERICAN SHIP.

NEW YORK, Aug. 7.—The Duchess of Marlborough and other titled and wealthy persons were obliged to travel second-class to reach England, one of the hardships of the war. The Duchess left on board the St. Paul of the American line today. Several months ago the American line abolished all first class and third class cabins, leaving only second class and staterage.

Afraid to attempt the perilous trip across the Atlantic on board any of the vessels flying flags of the warring nations, those who left decided they would prefer to suffer the inconvenience of going second cabin with the certainty of reaching their homes.

How to Lose Your Tan, Freckles & Wrinkles

A day's mooting, an afternoon on the tennis ground or golf links, a sun-bath on the beach or exposure on a sea-trip, often brings on a deep tan or vivid crimson or, more perplexing still, a virulent crop of freckles. A very necessary thing then is mercurial wash which removes tan, redness or freckles quite easily. It literally peels off the affected skin, but it does not hurt the skin, as the skin comes off in almost invisible flakes, particles, no trace of the treatment is shown. Get a ounce of mercurial wash at your drug-store and use this nightly as you would cold cream, washing it off mornings. In a week or so you will have an entirely new skin, beautifully clear, transparent and of a most delicate whiteness.

Wrinkles, so apt to form at this season, may be easily and quickly removed by bathing the face in a solution of powdered salicylic acid dissolved in witch-hazel, 1/2 pt. This is not only a valuable skin-agent, but has a beneficial tonic effect.

Writes of the Beautifying and Tonic Effects of the Bath.

THE IMPORTANCE OF THE BATH IN BEAUTY CULTURE.

As we learn more of the scientific principles underlying beauty hygiene many old-time ideas lose their value. The beauties of the Middle Ages placed great value on baths of wine and asses milk, believing that they made the skin fair and white. The slightly stimulating and whitening effect of a wine bath we could better get today with an alcohol rub, and always are ointment creams more beneficial to the skin than a bath of milk. The true place of the bath in beauty culture is in keeping the body clean, shedding off dead skin and promoting circulation.

A dozen to twenty years ago baths of hot air or steam were in great favor with beauty devotees, and the Turkish and Russian baths have their adherents to-day. In moderation and under certain conditions they are beneficial, but not to the extent once believed.

A prolonged bath at a high temperature is cleansing by reason of the activity it produces in the sweat glands, but it is also very drying to the skin and should be avoided by the woman whose skin is dry and wrinkled. A thick, salty, dull skin may be improved by this treatment.

Turkish Bath Not Reducing.

The belief that the Turkish bath is reducing has proven to be a fallacy. The hot bath will only relieve the body of water which is renewed as soon as the bath is over. The bath is no reducer to drink as we perspire, and that is why the system needs much more water in summer than in winter. To reduce we must get rid of fat or muscle, and this can only be done by exercise or changing the diet, not by any form of bathing.

It is also doubtful if there is any more extensive shedding of the skin in a prolonged hot bath than in a shower. A shower with Turkish towels, and for a tonic effect there is nothing better than a shower followed by ordinary cleansing bath. The equipments of the modern bath room have arrived at such a degree of perfection that the dry bath can be suited to every need of health, beauty and cleanliness.

The cleansing bath should preferably be taken at night, for the effect of the warm water on the skin is quieting and conducive to slumber. For this reason it is well to follow it by a shower bath, but the body should be thoroughly sponged over with clean water after it emerges from the soapy water. If the water is not soft naturally, some softening agent should be added. Soaking luxuriantly in warm water does not necessarily cleanse the body and a vigorous rubbing, either with flesh brush or square of Turkish toweling should be added.

Bath accessories that the dainty woman desires to include soap and body powder, cleansing, soothing and healing, salts that run from the invigorating sea salt to delightful perfumed crystals that soften and perfume the water, invigorating toilet waters for the after friction and scented toilet powders that keep the body sweet and dainty.

Remember that beauty includes scrupulous cleanliness.

Tonight's Battle of the Lightweights May Develop Future World's Champion

Majors Turn Down Coast League's Demand for Draft Abolition and War May Be the Outcome

NEWEST OF RING STARS CLASH TONIGHT IN IMPORTANT BOUT

White to Try for Knockout Early; Joe Figures to Last.

(By THE TRIBUNE.) Charley White, the latest offering of the East in the lightweight division, and Joe Azevedo, the most promising of California youngsters, are scheduled to meet at Corbett's eighth street arena tonight for a twenty-round battle. The boys are through with their training and each is taking a long rest today. The condition of both the fighters is all that could be

desired for the important bout. The work of their trainers has been much simplified, and both claim to be in the best possible condition. White will probably weigh about 131 pounds when the boxers appear at Corbett's for weighing in at six o'clock tonight, while his opponent will be very close to the limit. The betting is still slow on the results, some money being placed at 10 to 4 on White, but a great deal of money is working on the knockout question. The fifteen hundred dollars placed with Grant Gorman several days ago in behalf of a knockout bet is still in the hands of the bookmaker.

The lengthening of the odds on the morning of the battle indicates that White appears very well to the fans in the gymnasium. His work against sparring partners is nothing short of sensational, and if the Chicagoan goes as well in the ring as he does in training quarters, Azevedo will be a very busy boy to avoid a knockout.

White is very indignant about the reports that have been circulated about his fight with Donny in New Orleans last November, and claims to have some very good excuses to offer in regard to the showing he made there. Charley claims to have been sick and very underweight for the battle. The knockdown scored by Dundee in the second round gave the referee a lead that could not very well be overcome. White claims that he should have had a draw, even at that. "I am not going to say just how long it will take me to knock out Azevedo, but I am going after him at the top of the song, and will end the bout just as speedily as possible. I am going to win, and win by a knockout if possible," said White this morning.

Jimmy Rohan is tired of giving reasons for Azevedo's figures to win, but merely states that another shortener will surprise the fans tonight. Joe has met the best of them, and has never yet been knocked off his feet, so how does this fellow, White, figure to knock him out? White is not going to fight this fellow off his feet. When Joe jumps him around the ring with terrific fighting and kills him, he is about to remind White will be a mighty sick boy. Joe will have him no tired and weak before the twenty rounds are up and he will be claiming the championship for White, would you consent to a \$100?"

The Mattheus team overcame the fast Ambrose Tailors team of Oakland last Sunday, 5 to 4. With the score at a deadlock, the Mattheus team needed in putting one over the top in the last half of the ninth.

The game was nip-and-tuck all the way, both teams leading during the game. "Babe" Roth, Ambrose's star catcher, was there as usual with the big club. "Babe" cracked out a beautiful line out of four trips. Wilson, getting two out of three.

The game was so close that the teams have been scheduled to meet again next Sunday. The game will be held at Corbett's arena, Eighth and Howard streets, San Francisco.

'FRAUD FOR ME,' DAUGHTER SAYS

She Defends Mother and Father, Accused of Using False Pretenses.

LOS ANGELES, Aug. 7.—Gowned in the latest of fashion, wearing costly jewelry and with ringed fingers, handsome 20-year-old Edna Dyrart yesterday declared that if her father and mother, John C. and Mattie L. Dyrart, had been guilty of anything, it was to have used money, that it had all been done to provide her with the luxuries of life.

The handsome girl's father and mother received a preliminary hearing in Justice Young's court yesterday. Mrs. Mary Evelyn Davis charged that the couple gave a mortgage on a piece of property in Ocean Heights for a loan of \$2500. She afterward discovered, she claimed, that they did not own the property.

If Miss Dyrart's statement is true it is possible that the parents will suffer deeply for their effort to make their daughter happy, as Justice Young held both to answer to the Superior Court, the husband under bond of \$3000 and the wife under \$1000.

Dyrart is a former resident of Canada. According to the evidence shown yesterday his real estate operations have been transacted without regard for the law. S. F. Owens and Mrs. Sarah Owens, an aged couple, testified that he had entered into negotiations with them to purchase a house and lot which they held in Ocean Heights. They say that Dyrart gave them a check for \$1750 on the agreed price of \$3000, and also some mortgages on property which he claimed to own in Canada. The bank refused to honor the check and the mortgages which was to be returned, they declared.

OBTAINED DEED.
The accused man had obtained the deed, however, although it was supposed

to be in the hands of a bank to be held in escrow, and with this in his possession he negotiated a loan with Mrs. Davis for \$2500. For this transaction he will now answer to the Superior Court on a charge of obtaining money under false pretenses.

Mr. and Mrs. Owens brought suit in the Superior Court to quiet any title that Dyrart might possibly have secured to the property. The court returned an opinion giving them the property and recommending that Dyrart be prosecuted for passing a check which he had no funds to meet. No action was taken on this, but Mrs. Davis swore to a complaint charging both Dyrart and his wife with fraud.

As Justice Young scored her father for his alleged illegal operations, Miss Dyrart went silently.

"I am sure that father never did wrong," she said. "I am afraid that he wanted to get ahead so that I could have pretty things to wear and enjoy myself. He was always liberal and I never expressed a wish that was not gratified."

The accused realty operator resides at the Ponce de Leon Apartments.

ATTEMPTED POISON.

THE TWENTY-YEAR TEST.
"Some twenty years ago I used Chamberlain's Colic, Cholera, and Diarrhoea Remedy," writes Geo. A. Brock, publisher of the Enterprise, Aberdeen, Md. During all these years I have used it and recommended it many times, and it has never disappointed anyone." For sale by Osmond Bros. Drug Stores.

SAYS WAR WILL END 1915 FAIR

Attorney-General Says That Attendance Will Be Swelled.

SAN FRANCISCO, Aug. 7.—In reply to telegraphic inquiries from concessionaires of the Panama-Pacific International Exposition as to the probable effect of the European war on the exposition, Attorney-General McReynolds sent back a reassuring message yesterday. Other prominent men throughout the country sent equally hopeful telegrams, and E. C. Lewis, a director of the Nashville & Chattanooga Railway, not only predicted that the war would have but a slight effect on the exposition, but offered to place a large sign advertising the exposition at the Nashville station.

At the present time it is impossible to predict the effect of this war on the exposition, but it is likely that our people will be less anxious to go abroad for many years to come, it should swell the attendance at the exposition.

Arrangements have been made in New York for the construction of a large number of electric signs with the words, "San Francisco Invites the World in 1915." It is estimated that one of the union stations in Nashville is one of many favorable responses to telegraphic inquiries regarding the placing of signs.

Lewis telegraphed as follows: "Do not see that America is concerned or can be involved in the war, it being wholly foreign. After first flurry, America's concern will be over. War will be over before you open. Will stretch your banner in front of the station."

The exposition work is moving along steadily and the attitude of the four departments give an indication of any uneasiness about the European conflict. The attitude of the management is shown in the following telegram, sent to an Eastern publication yesterday by George Hough Perry in reply to an inquiry as to the probable effect of the war on the exposition.

"President Moore directs me to reply to your telegram that there is nothing in the present situation that seems likely to affect seriously the success of the exposition.

"Of the forty nations that are now preparing exhibits, only three are concerned in war, and none of these has indicated that its arrangements for participation will be interrupted. Any possible loss of exhibits from countries involved in war, if it occurs, will be balanced by increases from other directions. The effect on attendance, it seems, is likely to be favorable, rather than otherwise, whatever is lost in attendance from Europe being ten times compensated by Americans and South Americans coming here instead of going to Europe."

MARE ISLAND NOT TO BUILD VESSEL

Cannot Bid on Dreadnought. Is the Decision of Daniels.

WASHINGTON, Aug. 7.—Mare Island navy yard will not be allowed to bid for the construction of one of the three new dreadnoughts—the California, Mississippi and Idaho.

This was decided definitely yesterday when Secretary Daniels wrote Representative Baker that the department will not ask Mare Island for bids.

After declaring that he desires to encourage building naval ships in government yards, Secretary Daniels said: "My position as regards the navy yard at Mare Island should be evident to you. When I assumed office I found that my predecessor had issued an order that the navy yard at Mare Island should no longer be considered a first-class navy yard, and that work for the development of a channel depth of thirty feet in Mare Island strait would be discontinued so far as the navy department was concerned."

"I carefully investigated this matter, giving a hearing to the representatives from the Pacific Coast, and definitely decided not to class the Mare Island navy yard as a second-class navy yard, and further decided that the dredging in the channel approaching Mare Island to a depth of thirty feet should continue. In my estimate for the next fiscal year I included the necessary amount, \$20,000, to complete the improvement of thirty feet in Mare Island strait, and for the dredging in the channel approaching Mare Island to a depth of thirty feet should continue. In my estimate for the next fiscal year I included the necessary amount, \$20,000, to complete the improvement of thirty feet in Mare Island strait, and for the dredging in the channel approaching Mare Island to a depth of thirty feet should continue."

"As regards Mare Island navy yard bidding on the construction of a battleship, the yard in question is not prepared at the present time to undertake the construction of a battleship, the dimensions of the recent designs. The commandant of that yard has reported the necessity for enlarging the building slip, providing additional tools, and for providing also a large crane for handling heavy weights, at a total cost for additional equipment of \$25,000."

"Provided the work in progress to improve the hydraulics of Mare Island strait is successful, I should be pleased to see that yard fully equipped to undertake the construction of a large battleship. Having in view, however, the insufficient equipment of Mare Island navy yard at this time to undertake the construction of a battleship, and pending determination as to whether the work now in progress in Mare Island strait will provide a permanent thirty-foot channel to the navy yard, I have decided not to request an estimate from the yard for the construction of a battleship, as no useful purpose can possibly be served."

HAS RARE TREE GROWING.
What is in all probability the only cashmere bouquet tree growing out of doors in northern California is now in full bloom in the garden of Charles H. Butler, on Webster street, this city. This specimen is about as small as an average bouquet tree, but has a slender, straight stalk, with thick, lance-shaped pale pink flowers at the end of the limbs. The individual blossoms look like waxen roses.

Before the frost wave swept over the southern portion of this state last year these trees were plentiful, but hardly a vestige remains except those grown under glass. It is from the flowers of the cashmere bouquet trees that the famous perfume of the Far East is obtained.

QUITS FIRE BOARD.
SAN FRANCISCO, Aug. 7.—With the trite declaration that he is out of sympathy with the Ralph administration, Mayor Rolph yesterday announced his resignation, which was accepted by Mayor Rolph. "I am not in sympathy with this administration and have not been for some time," said Rolph. "There has been a new controversy, but under existing conditions I feel it to be my duty to quit."

CITRUS CROP TO EXCEED RECORDS

Latest Figures Show California Shipments Will Be 46,000 Cars.

LOS ANGELES, Aug. 7.—With 42,300 cars of oranges and lemons already shipped out of the state, and with prospects of easily 5,000 more, it is now certain that the season's citrus crop of California will prove greater than all early estimates and far exceed the record-breaking output of 1913.

This was the welcome information furnished yesterday by E. C. Dezell, assistant general manager of the California Fruit Growers' Exchange. He says there is no longer any question but that this year will set a new record.

The Valencia oranges now being harvested in size and quality, the most sanguine hopes of the beginning of the season, and it has been the Valencias that have upset all early calculations, together with the fact that Central California has shipped more than it was counted on.

Each succeeding estimate of the 1914 crop since the beginning of the season that has been given out by the exchange has been greater than the last. In October, just after the oranges had set on the trees, the guess was 38,000 cars. In December it went to 40,000 cars. In January it was 42,000 cars, and in February he raised the estimate to 45,000.

Since that time the figure went as high as 46,000, but not until the last few days, when a check on all the remaining oranges was made, it was definitely known that the crop would break all records.

Before the fruit had set on the trees many of the expert orange men believed that the orange trees would not recover from last year's frost, and estimated that the yield would not amount to half of a normal crop.

The largest crop heretofore in the history of the California citrus industry was that of 1910-11, when 42,300 cars were shipped. The crop next in size was that of 1911-12, which amounted to 40,700 cars.

The Valencias were never better. Said Assistant General Manager Dezell yesterday: "The oranges that are going out now are absolutely the finest that have ever left the State."

The market conditions in the east are fair, although the general financial stringency has had a certain effect on the price of California oranges. This is shown particularly by the fact that the demand has been for the smaller sizes.

The movement of oranges out of California will probably continue up to the first of November, the close of the railway year in packing the citrus movement.

"CLARE MEN" WILL HOLD BANNER REUNION SUNDAY

SAN FRANCISCO, Aug. 7.—Next Sunday will be a historic day for the "Clare Men" of California, for they will gather in thousands in a banner reunion and outdoor fiesta at Grand Canyon park in Richmond. Delegations of Irishmen and their families from all sections of the state, coming here to attend the Irish Home Rule festival, will attend the affair. Money has been lavished on the preparations and a record-breaking crowd of revelers is already assured.

Prominent among the features of the program are Irish oratory by noted speakers, an athletic carnival, Gaelic dancing by experts under the supervision of J. J. Keefe, pastimes and sports characteristic of County Clare, prize pavilion dancing, grotesque contests for old and young.

The committee in charge includes J. P. McInerney, M. C. McGrath, J. P. McInerney, Francis Keane, P. J. Keefe, Robert Barry, M. Devere, M. J. Liddy, T. McInerney, Ben Keane, Thomas Heenan and Thomas McInerney.

SONS OF ST. GEORGE TO LAY CORNERSTONE

The formal ceremony of laying the cornerstone by Albion Lodge, Order Sons of St. George, at Twenty-fifth and Grove streets, will take place on Sunday, August 9. The cornerstone will be laid by H. J. Vatcher of Pasadena, who is the grand president of the order in the Pacific coast jurisdiction.

Members of all bay cities and nearby lodges have been invited to participate. They will meet at Exhibition Temple at 2 o'clock. At 2:15 they will parade to the site, headed by the uniform rank of the order and a large band. Speeches will be made by members of the order.

Thomas Booth will be chairman of the day and a large turnout is anticipated. The Supreme Lodge of the order, in Scranton, has notified the committee that a representative will be present. This hall and clubroom, when built, will be unique, inasmuch that it is the first of its kind built and owned by an English order west of the Rockies.

FACES MURDER CHARGE.
REDDING, Aug. 7.—District Attorney Chenoweth has sworn to a complaint charging John L. Level with murder for killing Joseph Parentine, of Stillwater, last Saturday night. Level will be arraigned before Justice of the Peace Herzinger.

hind him and forced him up against the wall. Before he realized what was happening he felt the muzzle of a revolver against his face and was commanded to keep silent if he valued his life.
